

increases our investment in cybersecurity through a Cybersecurity National Action Plan. This Plan includes retiring outdated Federal information technology (IT) systems that were designed in a different age and increasingly are vulnerable to attack, reforming the way that the Federal Government manages and responds to cyber threats, and recruiting the best cyber talent. It will also help strengthen cybersecurity in the private sector and the digital ecosystem as a whole, enhancing cyber education and making sure companies and consumers have the tools they need to protect themselves. But many of our challenges in cybersecurity require bold, long-term commitments to change the way we operate in an increasingly digital world. That is why, to complement these steps, I am also creating a commission of experts to make recommendations for enhancing cybersecurity awareness and protections inside and outside of Government, protecting privacy, and empowering Americans to take better control of their digital security.

To ensure security at home, we must also demonstrate leadership around the world. Strong leadership means not only a wise application of military power, but also rallying other nations behind causes that are right. It means viewing our diplomacy and development efforts around the world as an essential instrument of our national security strategy, and mobilizing the private sector and other donors alongside our foreign assistance to help achieve our global development and climate priorities. The Budget supports this vision with funding for effective global health programs to fight HIV/AIDS, malaria, and other illnesses; assistance for displaced persons and refugees, including from Syria; and expanding educational opportunities for girls, among many other critical development initiatives.

As we make these investments to meet our greatest challenges, we are also working to build a 21st Century Government that delivers for the American people. The Budget supports efforts to make the Federal Government more efficient and effective, through smarter IT delivery and procurement, improving digital services, eliminating outdated regulations, and recruiting and retaining the best talent. It also invests in a new approach to working in local communities, one that disrupts an outdated, top-down approach, and makes our efforts more responsive to the ideas and concerns of local citizens. The Budget supports the use of data and evidence to drive policymaking, so the Federal Government can do more of what works and stop doing what does not.

The Budget is a roadmap to a future that embodies America's values and aspirations: a future of opportunity and security for all of our families; a rising standard of living; and a sustainable, peaceful planet for our kids. This future is within our reach. But just as it

took the collective efforts of the American people to rise from the recession and rebuild an even stronger economy, so will it take all of us working together to meet the challenges that lie ahead.

It will not be easy. But I have never been more optimistic about America's future than I am today. Over the past seven years, I have seen the strength, resilience, and commitment of the American people. I know that when we are united in the face of challenges, our Nation emerges stronger and better than before. I know that when we work together, there are no limits to what we can achieve. Together, we will move forward to innovate, to expand opportunity and security, and to make our Nation safer and stronger than ever before.

BARACK OBAMA.

### COMMISSION ON CARE FINAL REPORT DEADLINE EXTENSION

Mr. MILLER of Florida. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4437) to extend the deadline for the submittal of the final report required by the Commission on Care.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4437

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

### SECTION 1. EXTENSION OF DEADLINE FOR SUBMITTAL OF FINAL REPORT BY COMMISSION ON CARE.

Section 202(b)(3)(B) of the Veterans Access, Choice, and Accountability Act of 2014 (Public Law 113-146; 128 Stat. 1773) is amended by striking "Not later than 180 days after the

date of the initial meeting of the Commission" and inserting "Not later than June 30, 2016".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Florida (Mr. MILLER) and the gentleman from Florida (Ms. BROWN) each will control 20 minutes.

The Chair recognizes the gentleman from Florida.

### GENERAL LEAVE

Mr. MILLER of Florida. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and to add any extraneous material on H.R. 4437.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Florida?

There was no objection.

Mr. MILLER of Florida. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 4437, a bill that I am honored to sponsor, to extend the deadline for the submittal of the final report that is required by the Commission on Care.

The Veterans Access, Choice, and Accountability Act, which Congress passed in 2014 in response to the Department of Veterans Affairs' crisis that saw far too many veterans waiting too long for the care that they needed, required the establishment of a Commission on Care to examine veteran access to care and recommend how to best organize the VA healthcare system over the next 20 years.

The law required the Commission to develop a final report 180 days after their first meeting, or by February 20, 2016.

However, the Commission has requested that Congress extend the reporting deadline to June in order to provide the commissioners more time to develop their findings and recommendations. As such, H.R. 4437 would extend the Commission's final reporting deadline to June 30 of this year.

The Commission's work is vitally important to determining the future of the VA healthcare system, and I am proud to sponsor this bill to allow the commissioners more time to carry out their mission on behalf of our Nation's veterans.

I urge all my colleagues to support H.R. 4437, and I reserve the balance of my time.

Ms. BROWN of Florida. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 4437, of which I am an original cosponsor.

When the Congress passed and the President signed into law the Veterans Access, Choice, and Accountability Act of 2014, we included a section requiring an independent assessment of the hospital care, medical services, and other health care furnished in medical facilities of the VA. We also established a Commission on Care to examine the access of veterans to health care from the

Department of Veterans Affairs and strategically examine how best to organize the Veterans Health Administration, local health care resources, and deliver health care to veterans over the next 20 years.

The Commission has contacted us to explain that they will not be able to meet the statutory deadline of presenting their report to us in time, and would like an extension until June of 2016.

I feel this is a very important report, and I am willing to extend the authorization for the Commission on Care in order to receive this information.

I urge my colleagues to support this legislation.

Mr. Speaker, I yield back the balance of my time.

Mr. MILLER of Florida. Mr. Speaker, I urge all Members to support H.R. 4437.

I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Florida (Mr. MILLER) that the House suspend the rules and pass the bill, H.R. 4437.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.
